

The rising growth of Mercy Hospital and modernization projects such as the new Emergency Center, lobby and MRI/CT imaging suite have been exciting developments and have strongly positioned the hospital for the future. However, the increased patient volume and parking restraints at the hospital have made it necessary to create alternate associate parking to ensure that our patients and visitors have convenient parking accessibility.

Mercy Hospital offers a shuttle service to accommodate all employees and their parking needs that runs Monday – Friday. All day shift new hires, contracted agency staff, and current associates who transfer to day shift will be required to park in the satellite parking lot which is located at the Knights of Columbus at 261 South Legion Drive. ***Please note that when you work the weekend shift, you will have access to park in the Mercy Ramp.***

How to sign up for parking

Parking Instructions – Monday through Friday

- Shuttle pick up/ drop off locations (see reverse side) will either be at:
 - *Mercy Hospital Lorraine Street Entrance (Door30)* - located right below the connecting bridge the parking ramp.

Parking Security Tips

- Lock all doors and close all windows
- Don't leave valuable items in plain sight
- After market stereo systems- if possible remove and secure all face plates
- Report crimes or suspicious individuals to Security & Parking Services at Mercy Hospital
- Notify Security and Parking Services when your vehicle becomes disabled and you will need your vehicle to remain for an extended time frame
- Drive slowly through parking areas
- Look under, around and in the back seat of your vehicle as you approach it
