Mercy Hospital Foundation  
Mount St. Mary's Hospital Foundation  
Sisters Hospital Foundation

On behalf of the Foundations of Catholic Health, it is my honor to present this 2021 Gratitude Report highlighting our five Foundations – Continuing & Home Care Foundation, Kenmore Mercy Foundation, Mercy Hospital Foundation, Mount St. Mary’s Hospital Foundation and Sisters Hospital Foundation.

This past year, each Foundation received incredibly generous support from the Western New York community. Individuals, businesses, and other organizations stepped up so our caregivers could continue providing the best possible patient care even as the pandemic persisted. Our donors recognize that the right way to care is through giving – contributing to the efforts of doctors, nurses, and caregivers while getting involved for the health of the entire community. We cannot thank you enough.

Your support directly impacted the lives of patients like Ken who is living with cancer, and Rosemary who has recovered from a stroke thanks to caregivers at Catholic Health. Read their stories along with others in the pages that follow. You can also learn about some of our donors and the reasons they believe giving to our Foundations is the right way to care.

Donating to our hospitals, home care companies and senior living facilities help to fund medical advances, new technologies, education, more satisfying and accessible care environments as well as training necessary to care for our community today and in the future. We are grateful to our Foundation board members, associates, benefactors, and other advocates who through your support bring to life and strengthen Catholic Health’s mission of revealing the healing love of Jesus to all. Our gratitude for their stewardship is immeasurable.

Together, we can continue to make a huge difference in the lives of our neighbors. Thank you for your continued support of the Foundations of Catholic Health.

Peace and Many Blessings,

“The right way to care is through giving to Continuing and Home Care Foundation because if you are able to make a donation, you should. When you think about it, being a donor makes you a part of the care-giving team, behind the scenes but equally important.” -Kenneth

## Home Team Advantage

After treatment for cancer, Kenneth Urtel received care at his Lockport home from a team of Continuing and Home Care professionals.

### **What is your relationship with Continuing and Home Care at Catholic Health?**

After surgery for colon cancer, I required continuous infusion of chemotherapy by pump that involved about 48 hours of operation. Services from Catholic Health enabled me to remain home for the chemo treatments in the comfort of my living room.

### **What or who inspired you to make your first gift?**

Everyone who came to help me. Each nurse took the time to understand my needs and make sure I was comfortable. Not only were they caring and compassionate, but they were also skilled on the technical aspects of treatment.

### **Why do you personally feel it is important to support the foundation?**

Before college I joined the Peace Corps VISTA program and I have always believed in the importance of giving back. In my retirement, I now include Catholic Health. I am so grateful for their help.

### **What is your message to others who are considering a gift to the hospital?**

Make a gift that is local, that benefits the community in which you live. Giving to the Continuing and Home Care Foundation may help a neighbor or family member someday.

Thanks to the generosity of donors, Continuing and Home Care was able to make a difficult time a little easier for Ken.

# Keeping Connected

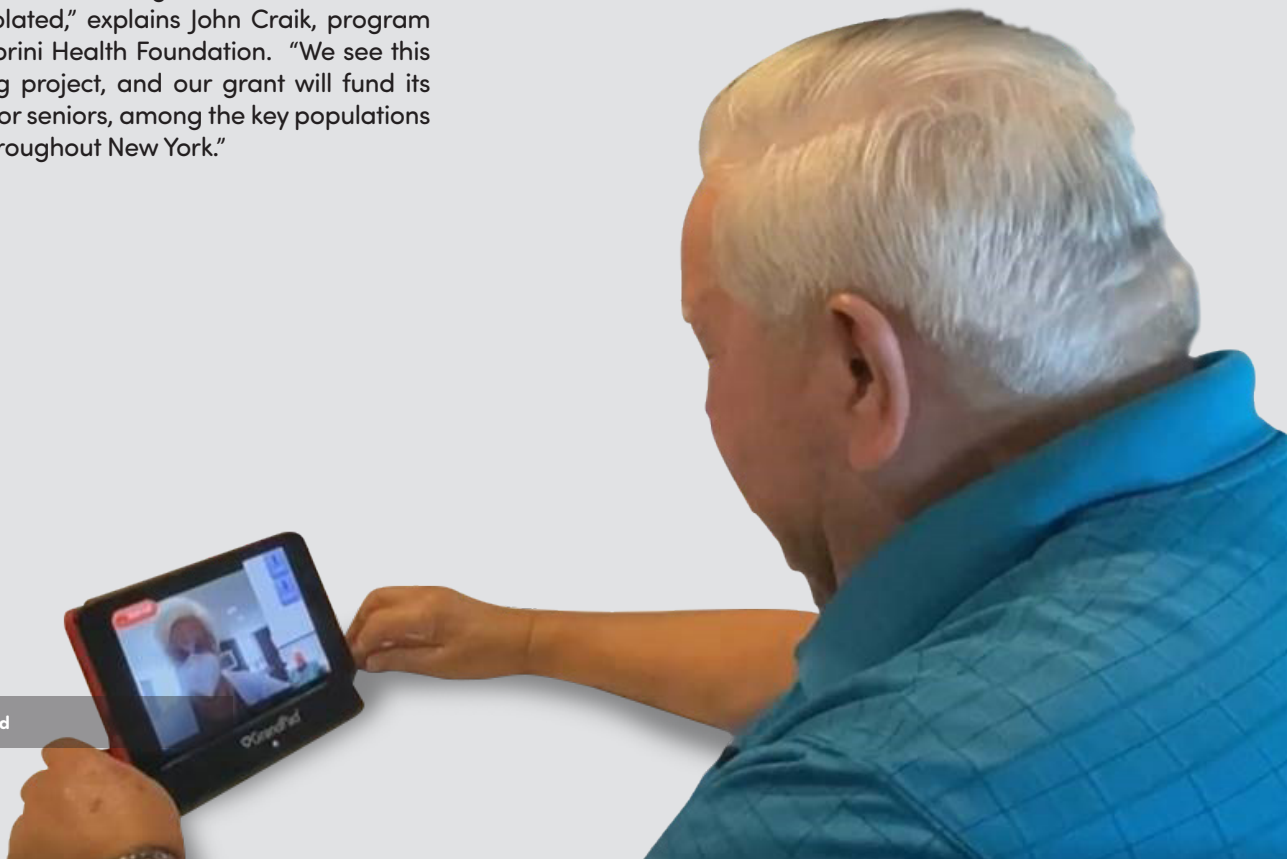

Continuing Care Foundation received a generous grant last year from the Mother Cabrini Health Foundation that extended the LIFE/PACE program for seniors and added an important new service for participants.

The grant funded the purchase of 60 GrandPads, a tablet device designed for older adults with large buttons and an intuitive interface that makes it easier to video chat. The GrandPads enable staff to connect with members either one-on-one or through group programming, engaging multiple participants in activities designed to enhance social interaction.

The new technology helps break through the isolation many of our seniors experience, especially during the COVID-19 pandemic. Studies have suggested that the pandemic quarantine and social distancing led to increased loneliness and reported higher depression among seniors.

“The tablets can help older adults in Buffalo by enhancing social, mental health, and wellbeing services for those who may otherwise be isolated,” explains John Craik, program officer at Mother Cabrini Health Foundation. “We see this as a valuable existing project, and our grant will fund its continued operation for seniors, among the key populations we seek to support throughout New York.”

“The right way to care is through giving to Kenmore Mercy because in doing so we are caring for all of our neighbors. The hospital is a community gem that I want to see shine for generations to come.”

## Food for Thought

For over 45 years, Nick Bechakas and his family have operated The Olympic Family Restaurant in Kenmore. For more than 20 of those years, Nick has regularly supported the Kenmore Mercy Foundation.

### **What is your relationship with Kenmore Mercy Hospital?**

Kenmore Mercy is our community hospital – they are right around the corner to take care of our employees when we need them. With 40 employees, things happen like someone needing stitches. Kenmore Mercy is the first place we think of.

### **What or who inspired you to make your first gift?**

We have been here serving customers for over 45 years and Kenmore Mercy has always been right there with us. So, it is really our customers who inspire us to give. Giving is the right way to care because it allows us to thank the community for supporting us.

### **Why do you personally feel it is important to support the foundation?**

Kenmore Mercy Hospital is my neighbor and like a good neighbor, we must help one another. We donate to community groups all the time, but Kenmore Mercy is at the top of the list.

### **What is your message to others who are considering a gift to Kenmore Mercy?**

Time is of the essence. So, the time is now to give to the hospital, no matter the amount.

Thanks to the support of neighbors like Nick, Kenmore Mercy Hospital grows stronger as a community hospital providing the right way to care.

## Lasting Legacy

Paul and Helen Ellis lived in Buffalo's Black Rock neighborhood and always found ways to give back to their community. When Paul, a certified public accountant, was cared for at Kenmore Mercy Hospital, Helen took notice of the compassionate treatment by the doctors, nurses and staff. When Paul passed in the 1980s, Helen created The Paul and Helen Ellis Charitable Trust to support causes important to the couple. Kenmore Mercy Hospital was identified as one of those causes.

Trustees of the Charitable Trust recently continued Helen's long-term tradition of caring by granting a gift of \$100,000 to the Kenmore Mercy Foundation. The funds were used to renovate the hospital's Intensive Care Unit (ICU) visitor waiting area, extending the right way to care to patients' family members and friends. The new waiting area offers a comfortable, home-like space for guests during what is most often an anxious time.

"Helen lived to be almost 100 years old and gave back to her community for decades," said William Pictor, one of the trustees for the Charitable Trust. "The trustees are proud to continue her generosity by supporting the Legacy Organizations such as Kenmore Mercy Hospital that Helen designated in creating the trust."

“I was so well taken care of by everyone we met at the hospital, from the ICU to my regular room, to speech and PT in the stroke rehab unit.”  
-Rosemary

## Speaking with Gratitude

Rosemary Olchawski was diagnosed with a stroke that impacted the Broca's area of her brain, the language region, resulting in her inability to speak. Today, she has recovered and can't stop talking about the care she received at Mercy Hospital.

### **What is your relationship with Mercy Hospital?**

I was rushed to Mercy Hospital following my stroke and quite honestly, they saved my life. My husband, Jim, and I are so grateful for the doctors and staff at the hospital. We have donated to the stroke unit, I have since joined the Foundation board, and, as a master gardener, I volunteer to tend the beautiful gardens surrounding the hospital.

### **What or who inspired you to make your first gift?**

I was so well taken care of by everyone we met at the hospital, from the ICU to my regular room, to speech and PT in the stroke rehab unit. We were especially inspired by vascular neurology specialist Dr. Steve Dofitas, who looked me in the eye and assured me I was going to be okay.

### **Why do you personally feel it is important to support the foundation?**

Mercy Hospital is renowned for its stroke and cardiac departments, and I experienced the right way to care firsthand. I am so glad this hospital is here, and I want to help make sure it continues to be here to help save lives in the future.

### **What is your message to others who are considering a gift to the hospital?**

Please make your donation today. Mercy Hospital is our community hospital in the Southtowns and my experience is proof of how important these caregivers are to Western New York.

Thanks to the commitment of people like Rosemary and Jim, Mercy Hospital is saving lives by practicing the right way to care.

# Caring is Culinary

Aramark is an international food service provider with more than 200,000 employees around the world. Mercy Hospital has the good fortune to partner with local Aramark associates who provide on-site food service for patients, visitors, and staff. Because there is more than excellent service and quality food on the menu with Aramark.

When the pandemic caused the cancellation of the hospital's fundraising gala for two straight years, Aramark stepped up to donate \$7,500 each year to help achieve our fundraising goals. And that's just the icing on the cake. For years, Aramark has supported the hospital with gifts in kind, providing food, paper goods, and other needed products for special events, as well as hours of time Aramark associates give in volunteering to help.

According to Mike Galbraith, Director of Food Service for Aramark at Mercy Hospital, every associate on his team considers themselves caregivers participating in the right way to care.

"Our relationship with Mercy Hospital is a partnership – we have never felt like a vendor or contractor, but rather we play a role in helping to care for patients and their families," he explains. "It's not only the food and nutrition we provide; we also have the resources to donate to the Foundation to help the hospital deliver the best possible patient care."

The most recent donations from Aramark enabled the hospital to purchase wheelchairs and create a dedicated pediatric area in the emergency department.

“The right way to care is through giving to Mount St. Mary’s Foundation because you have to give a piece of yourself to care for your community and your neighbors.” -Joy

## Community Asset

Joy Massaro and her late husband Dominick, a successful construction professional, started giving back to the community from the day they were married. Mount St. Mary’s continues to enjoy their support as Joy carries on the couple’s generosity.

### **What is your relationship with Mount St. Mary’s Hospital?**

As lifelong residents of the area, my husband and I always gave to various organizations to support the community where we live. Mount St. Mary’s became a priority because it is our hospital in Lewiston.

### **What or who inspired you to make your first gift?**

Our family has gone to Mount St. Mary’s for different things over the years, never anything serious, and we have seen the remarkable care provided by the staff. My wish is that Mount St. Mary’s Hospital continually improves to provide the best care possible in our community,

### **Why do you personally feel it is important to support the foundation?**

This is our community hospital, and they need our help. Mount St. Mary’s Foundation is among my most important donations each year.

### **What is your message to others who are considering a gift to the hospital?**

I would encourage gifts to the Mount St. Mary’s Foundation because they support the entire hospital and are always focused on what is best for the patients. You can have confidence in their stewardship guided by the mission of compassionate, high quality health care.

Thanks to benefactors like Joy, Mount St. Mary’s Hospital continues to focus on what is best for our patients with the right way to care.

# Having a Ball

When Anne McCaffrey served in her former roll as mayor of Lockport, she and her associates hosted an annual mayor's ball to benefit a local charity. Now as president and CEO of Eastern Niagara Hospital, Anne and her group of volunteers have continued the tradition of giving back by hosting the First Annual Lockport Benefit Ball.

Held in October last year at the Lockport Town & Country Club, the benefit was attended by more than 150 people and raised \$10,000 that was donated to the new Lockport Memorial Campus of Mount St. Mary's Hospital, set to open in 2023. In addition to Anne, committee members who made the event possible include Joanne Bull, Amy and Briana Hansen, Krista and Lauren Isherwood, Anne's daughter Gretchen McCaffrey, and Carolyn Moore.

"When we talked about what not-for-profit organization would benefit from this first-ever charity ball, we immediately thought of the new hospital," Anne explains. "The Lockport Memorial Campus will bring a state of the art, accessible health care facility for residents while contributing to the economic viability and quality of life in the community."

Anne notes that the funds from the ball are specifically designated for the new hospital's Sexual Assault Nurse Examination (SANE) service, including a specialized area of the emergency department. "It is so exciting that Catholic Health has stepped up to bring a brand-new hospital to Lockport," Anne concludes. "The generosity of everyone who contributed to the ball shows the level of community support for the project."

“The right way to care is through giving to Sisters Hospital Foundation because that’s how we can ensure compassionate, quality healthcare for families, babies, and everyone in our community now and in the future.” -Joyce

## Double Meaning

Joyce Williams is both a board member and a regular donor to Sisters Hospital Foundation. A professional in the healthcare field herself, Joyce finds meaning in both ways of giving to the hospital.

### **What is your relationship with the hospital?**

I have been a board member for the Sisters Hospital Foundation for four years, but more importantly I have witnessed the incredible care provided by the hospital.

### **What or who inspired you to make your first gift?**

Seeing the work that the Sisters Hospital staff does firsthand was my inspiration. Doctors, nurses, and support personnel all work long, hard hours to provide the best care possible. And they do it with great compassion.

### **Why do you personally feel it is important to support the foundation?**

As a board member, I know that every gift is truly and graciously appreciated by the Foundation, and I understand the continued growth of the hospital depends on that support.

### **What is your message to others who are considering a gift to the hospital?**

I see the impact that donations have on Sisters Hospital, and I understand how dedicated the Foundation is in supporting its mission. I have full confidence when I give knowing it’s the right way to care.

The dedication of donors and supporters like Joyce enables Sisters Hospital to carry on its crucial mission in the right way to care in our community.

# Food is Medicine

Catholic Health and Sisters Hospital have collaborated with D'Youville College and FeedMore WNY to introduce an innovative method of care for patients in need in Buffalo. Called the Food Farmacy, the new program enables primary care providers to link high-risk patients to nutritional food, education on diet, exercise, and other support needed to improve health outcomes.

Located at the Sisters Health Center located on the D'Youville campus, the Food Farmacy addresses the issue of food insecurity in the city's underserved areas. The project was made possible by a generous two-year, \$400,000 grant from UnitedHealthcare's Empowering Health program aimed at expanding access to care and addressing health in communities. According to Elizabeth Hang, JD, Director of Social Responsibility at UnitedHealthcare, the Food Farmacy aligns with the insurance company's commitment to community health.

"Good nutrition equals good health – roughly 80% of what influences a person's wellbeing is their environment which is why our grantmaking is focused on addressing social determinants of health such as food insecurity," she explains. "The Food Farmacy matches our goals and vision, especially the collaboration among the hospital, college and hunger relief organization."

Last year, Empowering Health awarded over \$1 million in grants to non-profits in New York such as the Food Farmacy. The first phase of the Food Farmacy, launched last fall included the distribution of healthy food and supportive educational sessions. The program anticipates serving approximately 2,000 community members in its first year.

"The Food Farmacy matches our goals and vision, especially the collaboration among the hospital, college and hunger relief organization."
